- Gold medals for the fastest B, C and D category in each division provided at least 4 crews race in that category.
- For the purposes of issuing B, C and D prizes, where a club/school has a number of crews in a Division crews will be placed in the A, B, C level in accordance with their finishing time rather than their allocation on entry.
- Only one set of medals will be presented to a crew. Where a B or C crew wins the Silver or Bronze overall medals they will receive these not the B or C crew Gold medals.

Special notices

- All crews and especially coxes must be able to spin turn and respond immediately to instruction from umpires/marshals. Any crew or cox showing dangerous incompetence may not be allowed to race.
- Entries will NOT be suspended at any point but will close as stated below. The Head guarantees every club/school one entry in each event where possible. If an event is over-subscribed (ie it has reached the maximum number of crews it can safely accommodate) those clubs/schools which have several entries in that event will be asked to withdraw some entries to allow other clubs/schools to have at least one entry in that event.
- The Crew Ranking Index along with the results from previous events will be used for determining start order.
- We have to limit the numbers of trailers attending – we cannot use the grass car park as it will be too wet, and road space is limited. Clubs must share trailers where possible, the number of boats on each trailer and whose trailer is being used must be declared with entry, we may have to refuse trailers with a small number of boats.
